THE NAIROBI HOSPITAL

FOOD SAFETY POLICY STATEMENT

The Nairobi Hospital is committed to the provision of safe, quality meals to patients, staff and visitors, compliance to legal and statutory requirements and continual improvement in these areas.

Scope:

This policy applies to the entire food processing chain from procuring to service, the parties involved both Hospital staff and outsourced service providers and their everyday role in ensuring food safety.

To achieve this, shall:

1. Provide resources that shall assure food safety throughout the food processing chain.
2. Implement procedures aimed at identifying, controlling, preventing, minimizing and/or eliminating food safety hazard at all stages of food acquisition, production and service.
3. Comply with applicable legal and statutory obligations.
4. Evaluate/assess the conformance with food safety requirements through regular audits of internal processes as well as supply partners.
5. Conduct regular verification tests to measure the level of conformance to food safety.
6. Communicate to staff, suppliers and other relevant interested parties on matters related to food safety as well as their roles and responsibilities in ensuring food safety.
7. Provide adequate resources for effective management and implementation of food safety management system.
8. Provide regular training and awareness sessions on food safety management system and related matters.
9. Conduct regular maintenance and calibration of all equipment used in the food processing chain.
10. Ensure continual improvement of the Food Safety Management System.

All employees and relevant interested parties are expected to comply with this policy.

Dr. Christopher Abeid,
Ag. Chief Executive Officer
