

THE NAIROBI HOSPITAL

**ENVIRONMENTAL MANAGEMENT SYSTEM POLICY STATEMENT**

The Nairobi Hospital is committed to protecting the environment and responding to changing environmental conditions that influence opportunities to enhance beneficial environmental impacts.

**Scope:**

This policy is applicable to all activities carried out in the Hospital and outpatient centers either by ourselves or on our behalf. Its implementation is the role of every employee and shall be integrated in the day to day operations through a systematic, proactive and transparent manner.

**To achieve this, we shall:**

1. Integrate environmental management within the Hospital's processes as well as other Hospital standards.
2. Identify environmental aspects and risks related to our processes and prevent/mitigate any related adverse effects.
3. Fulfil applicable compliance obligations.
4. Implement proactive environmental programmes designed to protect the environment, prevent or mitigate activities that pose a threat to it.
5. Provide a safe environment for patients and staff.
6. Develop and implement prudent waste management programmes.
7. Enhance environmental performance, by setting environmental targets and tracking the achievement of the Hospital key environmental performance indicators including environmental risks and opportunities.
8. Provide required resources for effective management and implementation environmental management system.
9. Provide continuous training on environmental management system.
10. Require each employee to take individual and collective responsibility for their contribution to the effectiveness of the environmental management system including benefits of enhanced performance.
11. Communicate this policy to staff and other stakeholders and relevant interested parties.

All employees and relevant interested parties are expected to comply with this policy.

  
**Dr. Christopher Abeid,**  
**Ag. Chief Executive Officer**  
**Effective September 2019**
