

THE NAIROBI HOSPITAL

FIRE SAFETY POLICY STATEMENT

The Nairobi Hospital is committed to provision and maintenance of a safe, healthy and secure workplace for her employees, patients, suppliers, contractors and visitors against fire and the effects of fire.

Scope:

This policy is applicable to all activities carried out in the Hospital and Outpatient Centres either by ourselves or on our behalf.

The Hospital is committed to:

1. Provision of adequate resources for effective implementation of fire safety programmes.
2. Development, implementation and maintenance of an efficient fire safety system and programmes.
3. Implementation of protective and preventive measures required to ensure the safety of all persons.
4. Clear definition of roles, responsibilities and accountabilities with regards to fire safety.
5. Compliance with all applicable regulatory and statutory requirements.
6. Regular fire risk assessment, fire safety inspections and audits.
7. Building staff capacity in firefighting, emergency preparedness and evacuation.
8. Ensuring that all premises, plant or equipment related to enhancement of fire safety are maintained by competent person and in accordance with fire risk reduction rules.
9. Training of staff on fire safety.
10. Periodic fire evacuation drills and testing of emergency preparedness.
11. Regular maintenance and calibration of firefighting equipment.
12. Facilities and buildings designed and constructed in accordance with the relevant fire safety standards.
13. Collaboration and communication with relevant authorities on all issues regarding fire safety incidents and occurrences.

All employees and relevant interested parties are expected to comply with this policy.

Dr. Allan Pamba
Chief Executive Officer
Effective 14th April 2020
